Behind the Smoke Curtain 9/11 Truth - the Pentagon attack

[120 min]

S Barbara Honegger* makes her case:
y what did - and did not - happen at the Pentagon on 9/11,
n and why it matters: i.e., the neocon PNAC masterminds
o needed the pentagon attack for their "new Pearl Harbor"
p to justify subsequent "illegal and immoral unilateral wars,
s occupations and assaults on Constitutional and civil
i rights worldwide."
s

Barbara also takes on the big question: WHO DUNNIT.

* Barbara Honegger is a senior Military Affairs Journalist, and former White House Policy Analyst in the first Reagan Administration. Ms. Honegger is the author of the 9/11 expose "**The Pentagon Attack Papers**" and of **October Surprise**, the first book to reveal the true origins of the Iran side of the Iran/Contra scandal.

"[Barbara's] presentation on the evidence that massive damage was caused at the Pentagon by explosives on 9/11 is amazing!"
~Richard Krushnic,
Boston 9/11 Truth

"The 9/11 Truth movement is, and must be, the heart of a growing 'truth force' - Satyagraha - initiated by M. Ghandi on September 11, 1901." ~Barbara Honegger

"It's not alright, it's not OK, for you to look the other way"
We Are Change, to the tune of Stayin Alive

"This is the very best [presentation] I've seen on the Pentagon attack." ~Gregory Ziegler, former US Army Counterintelligence

"9/11 was not just an evil inside plot, it was a diabolical inside plot." ~Barbara Honegger
